

JUDGE ANDERSON IN FAVOR OF CHANGES IN ADMINISTRATION

**Wants Interstate Commerce Commission to
Take Steps to Save Railroads from Ruin—
Labor Must Alter its Attitude—Denounced
as Absurd Scheme of Paying Wage Scales**

BOSTON, Nov. 29.—Fundamental changes in the administration with the nation's railroads were urged today by Federal Judge George W. Anderson in an address at a conference called by the joint New England commission on foreign and domestic commerce to take steps toward unified action to induce the interstate commerce commission to save the railroads and industries from ruin threatened by the alleged financial condition of the roads.

Judge Anderson denounced the absurd scheme of paying the same scale of wages all over the country, regardless of living conditions and of the amount of work required to all men holding a job carrying the same name.

"He urged that standard wages be abandoned," in the interests of the working men themselves, and characterized as absurd the labor unions proposal to secure a standardization of working conditions.

Labor Must Alter Policy.
"Labor must alter its policy in this matter," he said, "for the public must compel the railroad labor board to alter it. It is a menace to the public interest."

Judge Anderson, who is a former member of the interstate commerce commission and of the Massachusetts public service commission, told the conference that "railroading has been unbusiness-like because the book-keeping of the railroads is the most elaborate and expensive and at the same time the most inadequate and generally the worst used in any great business in the world."

"There is no real cost accounting in railroad book-keeping," Judge Anderson continued. "It follows that most of our railroad men do not know when they are getting a new dollar for an old one."

"The never will until a radical change in the bookkeeping methods under which maintenance and depreciation including amortization, are charged into annual expense accounts by units. These are but illustrative defects in a system generally bad."

Judge Anderson said that although he was "no advocate of general reduction of railroad wages or a return to the wicked exploitation of the railroad men," he was convinced that "the present system is unjust both to the railroad using public and because of general discrimination to wage earners themselves."

Artificial Standard of Wages.
"The artificial standardization of wages," he said, "on a mere money basis, that is regardless of money purchasing power in various sections and of the quantity and quality of the service required of such employees as station agents and freight handlers in large overworked sections as compared with small stations in which the business is limited to two or three hours a day, cannot be justified. This utterly unsound and unjust standardization hits Northern New England very heavily. It is in my opinion the plain duty of all charged with responsibility for this situation to deal with it and to once, before financial disaster ensues."

"As a friend of the wage earner, I venture to suggest that they should cooperate with the railway managers in eliminating the gross discrimination which now exists among wage earners, from the utter disregard of the purchasing power of money in different sections and from the vital differences in the time and labor requirements of jobs bearing the same name."

He added that if a remedial adjustment upon the responsibility should be brought home to the national wage board.

"Immediate relief from excessive and unsound taxation should at once be sought," Judge Anderson continued. "Nothing could be more unsound than to tax railroads, which are highways for the purpose of building granolithic roads to be torn speedily to pieces by automobiles and trucks, many of which are handling freight that ought to be borne on the rails."

**X-RAY SPECIALIST
DIES IN PARIS**
Paris, Nov. 29.—Dr. Charles Tiffot, famous X-ray specialist, is dead, according to announcement. His announcement in 1915 in the Academy of Medicine of Paris that he had extracted a shrapnel bullet from the heart of a soldier was read with interest throughout the world.

**INDIANA MAN DIES
AT THE AGE OF 91**

COUNCIL OF STATES WILL MAKE FIGHT FOR WATERWAY PROJECT

Governor W. L. Harding of
Iowa Heads the
Committee

**FARMERS LOSE
MONEY ON GRAIN**

(By The Associated Press)
CHICAGO, Nov. 29.—The council of states of the Great Lakes-St. Lawrence Tidewater association today began what it announced would be "a determined fight against Eastern organizations which are opposing the plan to open a way to the interior for freight carrying steamers."

A committee with Governor W. L. Harding of Iowa as chairman and Governor Peter Norbeck of South Dakota and B. R. Tamm of the Indianapolis chamber of commerce was appointed to conduct the campaign. A statement issued after today's meeting said that "it was expected that the first fight would come at the National Rivers and Harbors Congress in Washington next week and that the committee would attend the congress prepared to do everything within its power to further inland waterway projects."

Governor Harding in an address urged that each state in the association create a tidewater commission and appropriate money to push the work. He said he would include such a recommendation in his closing message to the Iowa legislature.

Mr. Tamm and other speakers urged the necessity for the opening up the interior of the United States for foreign trade and declared that the loss to the country as a result of the inability of farmers to market their grain during the past year was fully \$1,000,000,000. Proper transportation, speakers said would have prevented such a loss. The report of the association's work presented by Charles P. Craig of Duluth, Minn., urged that the committee make recommendations for tidewater association and financial aid be carried out. It also urged that speakers volunteer for addresses in various cities boosting the association's plans.

GREEK PRESS SAYS FORMER KING IS NOT PRO-GERMAN

**Asserts That Allies Should
Continue to Assist
Financially**

**BITTER AGAINST
FRANCE AND ENGLAND**

ATHENS, Nov. 29.—The Greek press is publishing long editorials tending to show that former King Constantine is not pro-German and that there is no pro-German sentiment here. They contend that the allies should continue to favor, particularly in a financial way. It is asserted the present chaotic condition is due to contracts by the old government which was preparing to exploit Thrace and Smyrna. Grecian business is at a standstill.

This is attributed to the uncertainty as to what course the allies will pursue, resulting in a lowering of the exchange rate. It is declared Greece's balance sheet compares favorably with those of other countries the total debt amounting to upward of \$500,000,000, including \$150,000,000 in paper money in circulation. Greece's income is estimated at 500,000,000 drachmas and her expenditures at 1,400,000 drachmas because of the new provinces, maintenance of refugees and for the army and navy.

Bitterness is expressed against French and British financiers who opened large credits and are then alleged to have encouraged lavish spending, thereby tightening their grip on the country. It is feared the export trade is imperiled as Greece has abrogated her commercial treaties, preparatory to negotiating new ones and high duties may shut out Greek trade. Remittances from Greek nationals in the United States are cited as a good asset.

SEN. MEDILL MCCORMICK ARRIVES IN FRANCE

Cherbourg, France, Nov. 29.—United States Senator Medill McCormick of Illinois arrived here tonight on the Steamer Aquitania from New York. A special car chartered by Mr. McCormick was attached to the Paris Express which will arrive in Paris Tuesday morning.

EARTHQUAKE SHOCK WAS RECORDED

Washington, Nov. 29.—An earthquake shock of moderate intensity was recorded today on the seismograph at Georgetown university. The shock began at 3:19 a. m. and continued until 4 a. m. and it was estimated the disturbance was 5,100 miles from Washington, probably in South America.

POLICE ROUNDED UP PROHIBITION VIOLATORS

Aurora, Ill., Nov. 29.—Raiding parties led by Mayor Charles Townsend, rounded up over a hundred men Saturday night and Sunday in drives on saloons and homes where it is alleged "moonshine" whiskey is sold and made.

REPAIR BILLS OF SHIPPING BOARD 10 PERCENT GRAFT

**Allegation Made by
Board's Traveling
Auditor**

**GERMAN SHIPS
ARE MENTIONED**

(By The Associated Press)
NEW YORK, Nov. 29.—Testimony that ten per cent of the 7,000,000 shipping board repair bills in the South Atlantic district was "graft" was given here today to the Walsh congressional committee examining into shipping board affairs. The allegation was made by Charles Banzhaf, a traveling auditor of the board out of New York. It was contained in a letter written by the witness to the general controller of the board last July and read here today by Chairman Walsh and identified by the witness.

Means by which the alleged "graft" was made possible the witness testified, included lack of inspection, failure to check repair work, overcharges for materials and labor and unnecessary repairs. He cited an instance of a repair engineer, who, he said, had sat in a pilot house and approved repair bills amounting to "thousands of dollars" without ever looking at the work. He declared inspectors had been told that "costs" were more of their business and that there was a spirit of make, rather than cut down, repair work.

German Ships In Inquiry.
Two of the former German ships were brought into the inquiry for the first time by Banzhaf. He asserted he had been instructed to check up bills for the reconditioning of the former German liner Hamburg, now the New Rochelle. This ship was sold on a charter purchase contract to the Baltic Steamship Corporation. The sale price he understood, was approximately \$985,000 and the shipping board had advanced for the reconditioning of the ship about \$400,000. The bill of repairs for this ship, he added, was about \$1,500,000 which an audit of accounts reduced approximately \$337,000.

Sales of surplus material now is averaging about \$1,000,000 monthly, George D. Watt, manager of the eastern division of the sales and warehouses testified. The payroll of the division is about \$200,000 a year. Watt said if the present ratio of sales continued, it would require about eight months to close out the property.

It was said by members of the committee that R. W. Boelling, treasurer; Lester Sisler, former secretary and Alonzo Tweedale, now general controller of the shipping board would appear before the committee tomorrow.

KING CONSTANTINE READY TO MOVE

LUCERNE, Switzerland, Nov. 29.—Former King Constantine's household is making every preparation to move quickly when word comes from Athens. One of his secretaries said today that Constantine's baggage could be packed in two hours, for there is a whole flock of servants.

Constantine's master of the stables is leaving London today for Athens to arrange details of the royal procession through the streets of the capital.

Constantine wishes to land four miles from Athens and from this point make his entry. A cipher code now is being used for communication with Athens. Constantine's suite expects returns from the plebiscite to justify his leaving here Tuesday or Wednesday of next week unless it is decided to wait for Athens to send a deputation to ask formally the king's return.

ASSISTANT CASHIER UNDER ARREST

GRAND RAPIDS, Mich., Nov. 29.—Fred W. French, assistant cashier of the City Trust and Savings Bank, of this city, arrested yesterday on a charge of embezzlement, confessed according to the police today that he had used for his own purposes at least \$300,000 of the bank's funds.

The shortage, according to officials of the bank, has been accumulating for years. According to the police, French, who had been with the bank sixteen years, confessed he had used the money in various business enterprises.

Dixon, Ill., Nov. 29.—Mrs. John P. Doyne, wife of the minority representative from the 35th district in the Illinois General Assembly, died Sunday morning after an illness of several weeks.

MANDATES QUESTION OCCUPIES THE ENTIRE ASSEMBLY SESSION

**Will be Moved From Gov-
ernmental Influ-
ence**

**BLOCKADE QUESTION
IS NOT SETTLED**

(By The Associated Press)
GENEVA, Nov. 29.—Removal of the mandates commission as far as possible from governmental influence was the task undertaken by the council of the league of nations today. It was decided that the members of this commission shall be appointed by the council on personal merits and competency and that they shall not occupy any position involving dependency upon their government. The mandates question occupied almost all the entire session and necessarily proposed the election of a successor to Sir Reginald Tower as high commissioner at Danzig. M. Viviani represented France instead of M. Bourgeois, who was obliged to make a trip to Paris, and Signor Tittoni also was replaced as his return to Rome for a few days was imperative.

The French government will be invited to arrange for the transportation and sustenance of the league military expedition to Vilno. The mandates commission will include one member named by the international labor organization who will attend all the meetings in an advisory capacity only when questions of interest to labor are discussed. Mandates will be required to submit annual reports thru duly authorized representatives setting forth the situation in the territory under their jurisdiction. There reports will be examined by the mandates commission, which will decide what points therein shall be called to the attention of the council. The mandates commission will sit in Geneva.

The sub-committee on blockades today passed a resolution proposed by Lord Cecil, delegate for South Africa, that the council be asked to name an international commission on blockades whose duty it shall be to report to the assembly the measures it finds necessary to put an economic blockade into effect. This is regarded as quite likely to put off a definite solution of the blockade question until the next meeting of the assembly.

COUNTERFEIT STAMPS SEIZED BY SECRET SERVICE

**Other Liquor Paraphernalia
Is Also Seized by
Authorities**

**FOUR MEN WERE
ARRESTED**

(By The Associated Press)
NEW YORK, Nov. 29.—Seizure by secret service agents of a printing set with thousands of counterfeit revenue stamps, liquor labels and illicit liquor paraphernalia was made public today when four men arrested Saturday night were arraigned on counterfeit charges. The men, Frank Bulzoni and Domenico Amintore and his sons Vincent and John, each were held under \$2,000 bail.

The labels bore the names of various liquors while the counterfeit stamps were printed with the names of several large distilleries. The agents said the counterfeiting was well done and the stamps reported to bear the guarantee that the liquor had been bottled in bond.

The raids were conducted under the direction of Captain Nathaniel Connolly.

READY TO ASSIST LIVESTOCK INDUSTRY

(By The Associated Press)
CHICAGO, Nov. 29.—The livestock finance corporation today completed its organization and is ready to begin its work of assisting the livestock industry, it was announced after a meeting of officials of the organizations and others interested in the livestock industry.

The corporation was launched with a capital of \$22,000,000, contributed by New York, Chicago and Boston bankers, at its disposal to be used in making loans. An optimistic view of the livestock situation was taken by those at today's meeting.

"Those most familiar with the conditions affecting the industry," said Melvin A. Traynor, Chicago, who was elected president, while admitting that certain features present grave problems, believes that the crisis has passed and that, with the assistance of the new corporation, there is no cause for alarm."

GRAND JURY INDICTS 24 COAL COMPANIES

Chattanooga, Tenn., Nov. 29.—The federal grand jury today indicted 24 coal companies on the charge of violating the Lever act. The list of those indicted includes the Bibber Barnes, the federal, the Carey, the Riddle, the Chattanooga Iron & Coal corporation, Chattanooga Coal company and the United States Fuel corporation.

MINGOCOUNTYWEST VIRGINIA IS UNDER MILITARY CONTROL

**United States Troops
Are in Charge of
County**

**WILL PROTECT
COAL MINES**

(By The Associated Press)
WILLIAMSON, W. Va., Nov. 29.—Mingo county where a strike of miners has been in progress since last July was today declared by Governor John C. Cornwell to be under military control. Col. Herman Hall commanding the provisional battalion of federal troops which arrived here Sunday from Camp Sherman issued a proclamation in which he forbade public assembly except such meetings as might be held in regularly organized cases. Colonel Hall's proclamation prohibited also parades or demonstrations against the authorities and stipulated that no persons other than officers of the law and the military would be permitted to carry fire arms or be in possession of explosives.

All places of business shops and theaters were permitted to remain open but the people generally were admonished to comply carefully with the military regulation and to preserve good order.

Governor's Proclamation.
Governor Cornwell's proclamation stated that Mingo county was in a state of insurrection and the citizens were enjoined and commanded to disperse and retire to their homes and submit to the law and the regularly constituted authorities. To the end that the law shall be respected and that disorder shall cease, I have called upon the government of the United States for assistance and until further notice the County of Mingo will be under the direct charge of the commanding general of the Fifth Army Corps area, who has full power and authority to establish peace and order in said county by such means as he may deem best in the interest of good government and the laws of the land; the governor's proclamation read.

The military authorities have taken over the duties imposed upon them under the declaration of martial law, but the civil authorities continue in their capacities as advisory bodies and individuals it is understood. The troops have been distributed throughout the district to guard the mines at strategic points with Colonel Hall's headquarters in the court house at Williamson.

LONDON POLICE ARREST SINN FEINER

LIVERPOOL, Nov. 29.—A young man, who declined to give his name but who said he was a Sinn Feiner and a native of Dublin was arraigned in the police court here this morning on a charge of murder in connection with the cotton warehouse fires Saturday night. He is 28 years old.

The police stated that the prisoner and two other men were discovered near the scene of one of the fires acting in a suspicious manner. The three men tried to escape when the police accosted them and the man under arrest is accused of having fired at the officers. His bullet went astray and killed a civilian. It is charged by the police that the man under arrest had in his possession plans of the premises in which the fire occurred. He was remanded to prison for one week.

ATTEMPT MADE TO ROB EXPRESS CAR

COUNCIL BLUFFS, Iowa, Nov. 29.—Alleging that an attempt was made last night to break into an express car on Milwaukee passenger train No. 8, soon after it left Council Bluffs, three suspects this afternoon were under arrest at Manilla and Neola, Iowa, and will be brought here tonight. According to state railroad officials similar means were taken to enter the express car to those used by the men who robbed the Burlington mail car November 13 in Council Bluffs.

Some time later the report of the attempted robbery, and following a general alarm, two young men giving the names of J. J. Smith and Al Clark, of Mexico, Missouri, were arrested, and a third suspect giving the name of Martin Dwyer of Stoughton, Ill., was arrested later at Manilla, Iowa.

RAILROAD RATE CASES COMES UP DECEMBER 13

Washington, Nov. 29.—Argument in interstate railroad rate cases affecting Ohio, Illinois, Michigan, Nebraska and Florida will be heard by the interstate commerce commission Dec. 13. The question involved, as in previous cases, is the authority of the federal commission under the transportation act to control interstate rates under certain conditions.

STUDY PROBLEM OF BRINGING THE PUBLIC BACK TO THE MARKET

**Must Find Some Method to
Stimulate
Buying**

**LABOR MUST BEAR
ITS SHARE**

(By The Associated Press)
CLEVELAND, Nov. 29.—How to secure a return of the public to the market and stimulate buying is the foremost problem confronting business today according to the monthly business review of the fourth federal reserve bank.

The physical difficulties that have tended to interfere with production have largely disappeared the report says and in their stead has come a psychological difficulty that has rapidly lessened buying in nearly all lines. It is one of stages of readjustment thru which it is necessary to pass. Business is again suffering from a strike but this time from a new and unexpected quarter. It takes on the nature of a movement for recognition by the public that it holds the purchasing power of the nation and that it will not be drawn into the market except for absolute necessities until it is convinced that prices are as low as may reasonably be expected and bear some evidence of stability.

Substantial progress has been made in some directions toward a restoration of pre-war conditions. How soon all the necessary adjustments will have been made is a matter of conjecture.

There are also several signs that seem to indicate that labor must eventually bear its share of the readjustment, together with the manufacturer and retailer. At some points in the fourth district a slight easing off in the demand for credit is noted but not sufficient to justify a decrease in money rates.

Iron and steel conditions during the past month have been marked by a gradually tapering off of both operations and prices. Business in practically all lines through the district continues to recede in volume. Buying has been greatly restricted.

STORY OF KILLING OF POLICE CADETS ARE READ IN DEBATE

**Dispatch Read in Course of
Debate on the Irish
Question**

**MURDERED
AND ROBBED**

LONDON, Nov. 29.—(By The Associated Press.)—Dispatches relating to the killing of fifteen auxiliary police cadets near Kilmichael were read in the house of commons by Sir Hamer Greenwood, chief secretary for Ireland in the course of the Irish debate today.

The party which ambushed the cadets consisted of from eighty to one hundred men all dressed in khaki and wearing steel trench helmets. They fired from both sides of the road on the lorries and also directed an enfilading fire.

By force of arms some of the cadets had been disarmed and brutally murdered, their bodies were rifled of all money and valuables and even clothing was taken from the corpses. Arms and ammunition also were taken and the lorries burned.

The secretary thought that with fifteen officers of the late war thus lying dead, the house would not wish to continue the discussion. He termed the affair a challenge to parliament and civilization. The subject then was dropped.

STORM WARNINGS ORDERED HOISTED

(By The Associated Press)
CHICAGO, Nov. 29.—Storm warnings were ordered hoisted over the Lake Erie and Lake Michigan and Lake Huron district at 10 a. m. by the weather bureau. A storm is moving east over central Missouri today and will swing northeast over the lakes, the bureau announced, increasing greatly in intensity tonight. Winds will be easterly, increasing to gale force late tonight and Wednesday. All great lakes shipping has been cautioned.

WHISKEY RING OPERATES IN SOUTH BEND, IND.

South Bend, Ind., Nov. 29.—Deputy United States marshals in South Bend today began serving subpoenas on more than 100 persons who are alleged to have knowledge of a whiskey ring operating in South Bend. The subpoenas are to be answered December 20 and 21 in United States district court at Indianapolis. South Bend is alleged to be a clearing station for whiskey between Windsor, Canada and Chicago.

WANTS IMMEDIATE PEACE WITH RUSSIA

Chicago, Nov. 29.—A resolution demanding immediate peace with Russia and recognition of the soviet regime probably will be introduced in congress next month by Meyer London, Socialist congressman from New York. National headquarters of the Socialist party announced today.

CHARLES GARLAND GIVES REASON FOR REFUSING LEGACY

**Says He Believes That
Christ Would Have
Done the Same**

**EXPECTS TO GO TO
WORK IN SPRING**

(By The Associated Press)
BUZZARDS HAY, Mass., Nov. 29.—Charles Garland, the young man who has renounced his right to a million dollar legacy left him by his father, James A. Garland, who was a wealthy clubman and yachtsman of Boston, today made a formal statement of his reasons for rejecting the money.

His statement, he said, was due to the fact that the many reports of his failure to accept the legacy had failed properly to present his position.

"I refuse to accept the money because it is not mine," was young Garland's summary of his action. "A system which starves thousands while hundreds are stuffed condemns itself. A system which leaves a sick woman helpless and offers its services to be a healthy man condemns itself. It is such a system that offers me a million dollars."

"It is blind to the simplest truth known to every child, the truth that the hungry should be fed and the naked clothed. I have had to choose between the loss of private property and the law which is written in every human heart. I choose the one which I believe to be true."

Believes Christ Would Have Done Same
Garland who has stated that he renounced his claim to the million dollars because he thought Christ would have done the same:

"I believe I could do no good in my hands, but it is the most pitiful thing they could point to. Cannot serve God and Mammon. 'You cannot serve God and mammon.' So many people who are ready to serve the dollar means as many less to serve God. There are great opportunities to do good but they are in men's hearts not in my check book. A preacher in the name of Christ said that this million should have been turned to good. He thinks that God's work will never be done until men see that this theory is true."

Mr. Garland's statement was made from his home here, a former inn of stage days. The young man, who is 22 years old is living at the house with his wife and infant daughter as the guest of his mother, Mrs. Marie Tudor Green, who supplies them with a maid and keeps the larder full. He plans to go to work eventually, he said, but a year at Harvard College which he left to get married and preparatory schooling in this country and in England fitted him for no work ready at hand and he said he thought it would be spring before he found anything. His wife joined with him in his renunciation of the million, Garland said. His mother, altho not holding the same views, has told him to do what he thought right.

Many people have written to tell him what could be done with the money, he said. "They seem almost proud to point out the power that I have in my hands, but it is the most pitiful thing they could point to. Cannot serve God and Mammon. 'You cannot serve God and mammon.' So many people who are ready to serve the dollar means as many less to serve God. There are great opportunities to do good but they are in men's hearts not in my check book. Government reports show that there is still 44,000,000 gallons of whisky in bond. Evidently it will not be necessary for some time to come for the government to authorize the making of additional whisky for medicinal purposes.

MR. MANN COMES BACK

Ill health lessened a great deal the activity of James R. Mann in the last session of congress. Not all political leaders can "come back" but in Mr. Mann's case newspaper stories say that his health has been restored to such an extent that he will be able to resume his old place of influence in the national house. There are predictions that he will at least be Republican floor leader instead of Mr. Mondell, who is ill, and with a

strong chance of being elected speaker.

BUSINESS WILL RUN ON HIGH

J. Hamilton Lewis is not always so optimistic in his sentiments as in a recent speech. He talked in a very hopeful way of business prospects and said that the present business slowing down is just like the autoist who as he travels along the highway shifts to low gear so that he can have the chance to read the signboards. That is really quite a happy metaphor. Business is no longer rushing along heedlessly. Business men have shifted to a lower gear and as they read the signboards and find they are on the right route they will soon again be running "on high."

STILL THE BIG QUESTION

The immigration question still crowds to the front as one of the most important for consideration in congress. It is not likely that any adequate bill can be passed at the coming session, which will be brief. For that reason some representatives of the American Federation of Labor and others who study employment conditions believe the government should find a way for at least temporarily restricting immigration. There are said to be 2,000,000 men in the U. S. today out of employment and thousands of aliens coming in every day at Ellis Island.

HARDLY CONSISTENT

The Sabbath observance organization down at Washington is said to be backing a very rigid blue law program. It is purported to stop all Sunday trains, passenger and freight, and that Sunday newspapers must be abolished.

It is strange but a fact that a majority of people who object to Sunday papers read those published on Monday with perfectly clear conscience. The fact is that a very large percentage of the work in publishing a Sunday paper is done on Saturday, while with a paper bearing a Monday date line, most of the work is performed on Sunday.

THE MCCORMICK RE-ORGANIZATION BILL

A preliminary draft of Senator Medill McCormick's bill for the reorganization of the government departments has been made public. Senator McCormick has had in mind the preparation of this measure ever since he introduced his original budget measure in 1917. The latter, amended to meet the president's objections expressed in his veto, is pending on senate calendar now, having been passed by the house last June.

The McCormick reorganization bill abolishes the Interior Department, creates in its stead the two new departments of Public Works and Public Welfare, divests the War and Treasury Departments of functions not germane to the national defense or the national finances, and in general co-ordinates existing agencies which now are scattered irrelevantly and wastefully throughout the whole government organization.

The bill will be introduced on the opening day of the approaching session of congress although action on it probably will be deferred until after Senator Harding's inauguration.

The McCormick bill as drawn brings together in the Department of Public Works all important engineering and building services of the government, now scattered among various departments, and authorizes the Secretary of Public Works to make such changes in the organization of these existing agencies as will increase their efficiency and lead to economy in expenditures. Army officers now detailed on engineering works would continue to hold their present assignments for three months after the measure goes into operation in order to give the Secretary of Public Works sufficient time to make an appropriate consolidation or rearrangement of these agencies without interrupting important work.

Rippling Rhymes
By Walt Mason

Human Nature.

The climate here is luscious, very, and even winter days are warm; but my old heart is contrary I sometimes long to see a storm. Where I abide the weather wizard provides the smoothest goods he owns; and yet I long to hear a blizzard whoop past the house, with mauling tones. The tourists come, a cheerful legion, and visit

me a while and say, "This is the finest, grandest region—here, every day's a perfect day!" They dance around, the joyous friskers, ecstatic over things they see; and I remark, "You bet your whiskers, this country's good enough for me." But when the tourists leave my shanty, in general pairs or blocks of five, I say to Jane, my spinster auntie, "I wish a cyclone would arrive! Oh, for a good old Kansas twister, destroying barns, uprooting trees! Oh, for a hot wind that would blister, oh, for a cold wind that would freeze!" And were I back where winds are blowing, and winter's white with snow and rime, some grievous fits I would be throwing, denouncing such beastly climate. There is no bliss for any mortal until he quits this vale of woe, and enters, through the shining portal, the land where all the righteous go. And that bright land—perhaps he'll scan it, and mutter to his satiate guide, "This place looks cheap beside the planet where I grew up and loved and died."

AN INTERESTING RECORD

C. O. Bayha showed yesterday to a Journal reporter a roster of an independent company raised to fight in the Black Hawk war. The captain was J. M. Early, lieutenants, J. W. Glasscock and B. D. Rusk; sergeants, Zach Mulhgan, Mark Mason, Jacob Ebey, W. N. Neale; corporals, R. W. Wyatt, W. M. Brentz, William Culver, Henry Johnson and James Rutledge.

Among the privates were James Henry, latterly of Woodson, Abraham Lincoln and others. Mr. Henry was killed on the railroad many years ago. Before his death he told the writer a number of things about that campaign. He said when they reached an Indian village the wigwags were deserted and Lincoln told the boys they had better keep out but they didn't and the result was they were alive with vermin. A big, burly fellow dared anyone in the company to throw a maul with him but no one offered till Lincoln, who said he would accommodate the challenger. The latter looked at the long, blank figure with disdain but concluded to try conclusions and in spite of his most strenuous exertions the tall man beat him every time. All was left and he could make no complaint. He was fearfully humbled so he next dared Lincoln to wrestle with him, which was done.

The fellow was determined to win by fair means or foul and the first effort was a draw. Next time they tried it the big man undertook some foul play but was soon called down by the company and the result was he was ignominiously beaten. He had little to say and was surly the rest of the time.

The late William G. Green of Tallula told the writer that after Lincoln had been elected, president he tried to find the man he had worsted and give him something as a token of good will but failed to locate him.

UTILITY COMPANY WILL FURNISH POWER

Arrangements Made to Furnish Power, Lighting and Pumping While City Is Removing Plant—Contract Let for Alley D Sewer.

At the regular meeting of the city council, held Monday evening, Alderman Chapin reported that the light committee had arranged with the Jacksonville Railway and Light company to furnish power for lighting and pumping while the city is moving its plant to the new quarters at the south end. The company will furnish the current at the rates in effect, as fixed by the utility commission.

Bids were opened for building the sewer in alley D. The contract was awarded to Sherman Spencer. Other minor matters were dispensed with during the session.

Roll call showed all members present except Alderman Ehnie, Mayor Crabtree presiding. The minutes of Nov. 8 and of the preceding meeting were read and approved as read.

An invitation was read from the Association of Electrical Inspectors to attend the meeting of the association which meets in Detroit, Mich., in January, 1921. It was referred to Alderman Chapin, chairman of the light committee.

Man Falls In Open Coal Hole

A communication was read from Attorney W. N. Hairgrove notifying the city that it would be held responsible for injuries sustained by Albert Miller of 532 North Sandy street, who fell in a coal hole in North Main street recently. The communication was referred to the city attorney.

The city clerk also was instructed to notify Mr. Dorwart, owner of the building in question and also several others adjacent to immediately comply with the law in the matter of fixing cellar doors in the sidewalk, the work to be done to the satisfaction of the superintendent of streets.

Claims were presented and all those properly approved were ordered paid. Alderman Moore reported that the second fire truck had been revarnished and was back at the station.

Arrangements for Power

Alderman Chapin reported that the light committee had called on E. H. Gray, general manager of the Railway and Light company relative to furnishing power for pumping water and lighting the city streets during the time the plant is being removed to the south end street.

Mr. Chapin said that Mr. Gray was very fair and said he would make arrangements immediately. The rate is that now in effect and which was fixed by the utility commission. The council confirmed the action of the committee.

The clerk opened bids for the building of the sewer in alley D. Simeon Fernandes & Son bid \$2.50 per lineal foot for the sewer and \$80 for the manhole. Sherman Spencer's bid was \$1.95 per lineal foot for the sewer and \$75 for the manhole. The contract was awarded to Mr. Spencer. Alderman Ehnie came in at this time and took his place in the council.

J. T. Walbridge reported work progressing satisfactorily on the filtration and power plants. He also said they would be ready for the removal of the pumps by Friday of this week.

Mayor Crabtree reported on the hearing before the utility commission last week. Mayor Crabtree said the meeting was very friendly with a large representation from the various cities affected. He reported that he had engaged Judge Samuel to represent the city in the hearing.

Superintendent of Streets White called attention to the practice of drivers of coal wagons loading their wagons too heavily. Mr. White said that they dropped coal along every street in the city and that it was not fair to the council and the city. He hoped that some action could be taken to stop the practice. The matter was referred to the highway committee to investigate and report back to the council at the next meeting. The council then adjourned.

MISS CLARA MOORE IN VIOLIN RECITAL

Program of Great Merit is Given—Large Audience Expresses Appreciation.

A most appreciative audience heard the recital of Clara Moore, violinist, at Illinois Woman's College last night.

Miss Moore played as always with splendid musicianship. A most interesting representative program was offered, and from the "Rondino," Beethoven-Kreisler, given with delicacy and charm to the difficult Bruch Concerto the technical and interpretative demands of the program were fully met. Perhaps the outstanding feature of Miss Moore's playing is her big tone, which is of a warm, vibrant quality most expressive.

In such numbers as "Perpetual Motion," Kreisler, "Serenade," Espagnole, Chaminade Kreisler a decided gain in technical facility and general brilliancy of style was noted.

The ever popular Lieberfuend, Kreisler, was enthusiastically received.

But the number which made the most universal appeal was the Ave Maria, Schubert-Wilhelmy. Miss Moore has been heard in this before; she gives it in a broad authoritative style with real vigor and uplift. In this she had the assistance of Miss Myrtle Larimore at the organ.

Miss Belle Mehus gave able support as accompanist.

THE PILGRIM EXILES

Sunday night Rev. W. E. Colmans delivered a very interesting sermon on the earlier days of the Pilgrims. He said in part:

Let us go first to a little town we find named Scrooby in England, about 50 miles from London. We shall see there a neat church and there will be permission for a non-Conformist preacher to speak in the pulpit, but he must call the effort an address and not a sermon but all will be treated politely. There it was in the early part of the 17th century that a little band of people would gather a good while, even an hour or more, before meeting time, sit in the pews and read their bibles or hymn books.

But Queen Bess and James the I, called the most learned fool in England, didn't look with favor on separate worship of the little band and forbade it. Then trouble arose. They couldn't see why they shouldn't worship God according to the dictates of their own consciences and they decided they would seek a place where they could so they started for Holland but were intercepted by officials and brought back. Again they tried it and some succeeded in getting away while others were caught and so husbands and wives, parents and children were separated but they bore the ordeal bravely and finally all managed to land on Dutch territory.

There they remained for a number of years but they found the influence on their young people wasn't good so they determined to seek another haven and that was the new world. It was a dreadful ordeal. The "Speed-well" which carried most of them had to put back twice owing to leak and was finally abandoned. All took refuge on the Mayflower and in mid ocean they encountered a fearful storm springing the main beam of the ship but the brave men fixed it and managed to reach the new world. They didn't mean to settle where they did but adverse winds blew them out of their course. They set foot on a cold and barren shore and bravely went to work. That winter fifty-one of their number died and thru incredible hardships they persevered until they grew to a strong and vigorous community.

Judge M. T. Layman returned to Jacksonville Monday following a two week visit with his family in Chicago. Jacksonville friends will be glad to learn that Mrs. Layman's health is improving.

The World's Greatest Mystic

You have the privilege of writing any question concerning your past, present and future on your own paper or paper furnished you. You may write at home if you so desire, in any language that you do your natural thinking. You may seal them up in your own way, sew them up, solder them in tin cans, arrange them in any way you desire. You may ask concerning business, changes, travel, mines, mortgages, deeds, whom is false, whether husband, lover or sweetheart is true, or any question you may desire concerning your own personal welfare. In fact, any question can be asked except one, where, if the answer were given correctly, it would necessitate giving the name of some person who had committed a crime.

KARMA is considered the greatest psychic in America, combining as he does the tests of the Boston Psychic Research Society, the Spirit Slate tests, the thought projection tests and his celebrated mind reading tests.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it effect stomach and heart, is some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size \$2.50.

COUGHED TWO YEARS ORDERED TO DENVER

Doctor said she couldn't get well in Illinois, but she did.

"I had a very bad cough for 2 years, all the time, day and night. Could sleep but little. I tried everything but got no relief. Finally my doctor said he could do no more for me, that I had better go to Denver as I couldn't live in Illinois. Then I tried Milk's Emulsion. From the very first, it helped me. By the time I had taken 15 bottles, my cough left me entirely. I have gained in strength and feel as well as I am now in perfect health."—Mrs. Alice M. Huntley, 182 No. Pearl St., Galesburg, Ill.

Build up your system and give it a chance to fight off disease. Milk's Emulsion costs nothing to try and it has done the work for thousands of others.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

NOW, FROM 34 HENS

C. C. White, Well-Known Breeder, Tells How. Costs Nothing to Try.

Mr. White's 34 hens regularly lay 28 eggs a day from 7 to 25 a day. Don't miss a wonder and I am now giving it to all my hens regularly. —Chas. C. White, 214 Columbia Bldg., Indianapolis, Ind.

Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be cheerfully refunded.

Don Sung (Chinese egg-laying) is a scientific tonic and conditioner. It is easily given in the feed, improves the hen's health and makes her stronger and more active. It forces up the egg-laying organs, and gets the eggs, no matter how cold or wet the weather.

You can obtain Don Sung from your druggist or poultry remedy dealer, or send \$1.04 (includes war tax) for a package by mail. In bulk, Dugger Co., 214 Columbia Bldg., Indianapolis, Ind.

Advised His Friends to Try The Great Remedy Drecto

Found from His Own Experience That It Would Ease Muscular Rheumatism, an Irritated Stomach, Rouse a Sluggish Liver and Overcome Constipation.

Claims Great Relief from Drecto

"My muscles were all twisted up with rheumatism, joints were as stiff as rusty hinges and the pain was so great that I got very little sleep," said Mr. John Hume, who lives at 215 Van Buren St., Peoria, Ill.

"My stomach was upset, I was half nauseated all the time and didn't feel like eating, for nothing I ate seemed to agree with me. My liver was lazy and failed to do its duty causing my whole system to be charged with excess bile and I often felt real light-headed."

"I have just finished my first bottle of Drecto and feel 100 percent better. In fact it has made such a big change in me that I sent several of my friends to buy Drecto. My stomach is in excellent condition, am no longer bilious; don't have any more dizziness spells and bowels are in splendid shape. I sleep like a top, enjoy my meals and feel fine. I strongly recommend this grand remedy, Drecto."

Drecto, the herbal remedy acts on the stomach and aids it in digesting the food; stops formation of gas; relieves constipation, strengthens the kidneys, rouses the liver and relieves biliousness, headache, bitter taste in the mouth, heartburn, coated tongue, and purifies the blood, thereby banishing rheumatism.

All druggists now sell Drecto and it is being especially introduced in Jacksonville by Coover Drug Co., and J. F. Shreve.

NOTED SUFFRAGIST
ISSUES STATEMENT

Mrs. Annie M. Sloan, of Buffalo, Declares She Would Not Take All the Money in the World for Good Tanlac Did Her.

MRS. ANNIE M. SLOAN,
Prominent Buffalo, N. Y. Club
Woman and Suffragist.

"I will just say frankly I think Tanlac is perfectly wonderful and I wouldn't take all the money in the world for the good it has done me," said Mrs. Annie M. Sloan, recently, residing at 275 Huntington Avenue, Buffalo, N. Y.

Mrs. Sloan has resided in Buffalo for the past forty years and is very prominent in club circles, being an active member of the Buffalo City Club, the Lincoln Republican Club, and the Women Voters League.

She represented the women of her city in their appeal to the United States Senate at Washington when the Suffrage Bill was first introduced, and was honored with a membership to the Washington Suffrage Club. Mrs. Sloan is also deeply interested in church and charity work. Her statement regarding the benefit she has derived from Tanlac will be of widespread interest. She said:

"I have only been taking Tanlac about four weeks, but I am already feeling better than I have felt in years. Why, it just seems as though I have been awarded a new lease on life, and I would be doing an injustice to others who are trying to find relief not to tell what this grand medicine has done for me."

"Some time ago I was compelled to undergo an operation for gallstones, after which I got along very well until about a year and a half ago, when I had a very severe bilious attack. These attacks became frequent and with each one I would have to remain in bed for four or five days."

"About six weeks ago I had another of these attacks and was in such awful pain I almost gave up hope. This spell left me without any energy and so weak I could hardly walk across the room."

"Tanalac has relieved my troubles entirely. I am enjoying splendid health now and am brimful of new strength and energy. Everyone should know of Tanlac."

Tanalac is sold in Jacksonville by Coover Drug Co., and J. F. Shreve Drug Store. (adv.)

BIRTHDAY OBSERVED
AT SCOTT COUNTY HOME

Ninetieth Anniversary of Abraham Wright Fittingly Observed at Home of Mr. and Mrs. Samuel Bailey—Other News from Winchester Neighborhood.

Winchester, Nov. 29.—Mr. and Mrs. Samuel Bailey and daughters entertained a large company at their pleasant country home three miles east of town. The occasion was in honor of the ninetieth birthday anniversary of Mrs. Bailey's father, Abraham Wright, and was one which will long be remembered with pleasure by those present. A large birthday cake with ninety lighted candles was indeed a unique spectacle and occupied the center of the dining table.

Those who enjoyed the hospitality of the Bailey home on this occasion were Mr. and Mrs. Levi Hornbeek, Mr. and Mrs. Russell Wilkins, all of Perry; Mr. and Mrs. R. H. Taylor, Mr. and Mrs. Harvey Saylor and two sons, George and Harvey, all of Pittsfield; Mr. and Mrs. J. W. Wright, Mr. and Mrs. David Gastin, Springfield; Miss Virginia Gastin, Harold Wright and daughter Miss Marjorie, all of Jacksonville; Gilbert Wright and two daughters, Leta and Inez, Riggs; Abraham Wright and son Frank of Winchester; Mrs. Lou Pierce and daughter, Edith; Mrs. Sarah Bailey, Winchester; Mrs. Jake Snell, St. Louis; Opal Taylor, Springfield.

Mrs. Robert Mann and children returned Sunday to their home in Frederick after a visit with Mrs. Mann's parents, Mr. and Mrs. Robert Evans.

Mrs. E. J. Hamilton and daughter Kate left Sunday for Chicago for a short visit.

Mr. and Mrs. Eli Patrick returned Sunday afternoon from Mt. Sterling where they enjoyed Thanksgiving at the home of their daughter, Mrs. George Drew, and husband.

Miss Frances Dugan left Sunday for Beardstown to visit relatives.

Mrs. Harry Lyman and baby spent Sunday in Merritt with relatives.

Mrs. Helen Taylor of Springfield, William H. Weaver of Pittsfield and L. A. Weaver of Virginia arrived Monday afternoon to visit at the home of Mr. and Mrs. Henry Higgins and family.

Mr. and Mrs. Fred Markkille and mother, Mrs. Canatsey, spent Sunday at the home of Mr. and Mrs. Fligg near Lynville, and were guests also for a short time at the home of Mr. and Mrs. Roy Heaton.

Miss Margaret Priest and brother Paul, left Monday for Quincy, where Miss Priest will enter the Gem City Business college. Her brother was formerly a student at the institution.

M. E. and J. A. Higgins will remove to the Hainsfurther building at the northwest corner of the square, formerly occupied by the Sol Hainsfurther shoe store. The change taking place about Jan. 1. The book store has occupied its present location for the past nine years, and the change is to be made now because Otto Henry, the owner, has disposed of the building to Charles Harding.

obligato by Mrs. Reid. The quartet assisted in this number.

Mr. Quast sang, "The Lord is My Light," by Alhisen. Mr. Quast again proved his right to be numbered among the best artists of the city and the number was greatly appreciated.

Mrs. Gregory, assisted by the quartet, sang "Lamb of God" by Norris. Mrs. Gregory, as always, revealed splendid artistry in her interpretation of the number. One of the features of the program was the solo by Mrs. Brown and her duet with Miss Armstrong assisted by the quartet. Mrs. Brown is a favorite with Jacksonville audiences and she won new laurels Sunday afternoon. Miss Armstrong the comparatively new to Jacksonville audiences, won new admirers by her work Sunday.

The quartet of the church is an unusually well balanced one. Its numbers were "Prepare Ye the Way of the Lord," by Garrett and "Fear Not, O Israel," by Max Spicker. The program closed with the song of Thanksgiving, the words by Mrs. William Jennings Bryan, given by the quartet. The Hackett Wylder did not appear in a solo role his singing in the quartet was all that could be desired and stamped him as one of the best tenors in the city.

Mrs. Bullard at the organ was at all times in sympathy with the singers and her work was most satisfactory and aided greatly in rounding out a splendid program. During the program Rev. W. H. Marbach made brief remarks speaking in most complimentary terms of Passavant hospital and the work it is doing. He referred to it as one of the city's most worthy institutions and one justly deserving the aid of all citizens. The offering for the hospital was a most generous one. The board of directors feel grateful to the artists who donated their services for this concert and wish to express their appreciation for their generosity.

MR. BADENOCH DIED VERY SUDDENLY

Chicago Man Well Known Here Suffered Stroke of Apoplexy Sunday Morning.

A message received in Jacksonville Sunday brought news of the sudden death of Roland Badenoch, known to many Jacksonville people. Mrs. Badenoch before her marriage was Miss Mary Russell, daughter of the late G. S. Russell. Mr. Badenoch had not been well for a number of months altho his condition was not accounted as at all critical. Death was the result of a stroke of apoplexy.

Mr. and Mrs. Badenoch had made arrangements to spend the winter in the west and were expecting to leave in the course of the next few weeks. The deceased is survived by his wife and son, Russell Badenoch. Mrs. Frank Strawn and Mrs. Ellen Merrill, sisters of Mrs. Badenoch have gone to Chicago to be present at the funeral services.

Students of the Expression Department of Illinois College, under the direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 2nd, at 8 P. M., at Academy Hall. RED CROSS SURVEY WORK

The Red Cross survey committee on Recreation, Frank J. Heintz, chairman, has completed its report as assigned, and returned it to headquarters.

This report has been ably and interestingly written, and contains a vast amount of information on this topic that so closely touches our community life. It would appear from a reading of the report that scarcely any phase of the subject had been slighted, and as a historical record and for the purpose of ascertaining the true condition of affairs as they exist, it would be a hard proposition to improve upon it.

This report entailed a great deal of time, labor and patience in its compiling, and the thanks of the Red Cross, and the people represented by it is due. The report will be made public as soon as practicable. A few questionnaires have not been returned by certain schools in the county, which is impeding the work of final tabulation. If those holding back questionnaires will return them as soon as convenient, a full summary will be possible.

Pure, Rich Blood Will Keep Your Body Vigorous and Healthy

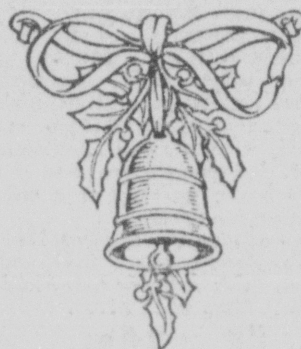

When impurities creep into your blood the first symptoms are usually a loss of appetite, followed by a gradual lessening of energy, the system becomes weaker day by day, until you feel yourself on the verge of a breakdown. This whole condition is a warning that nature needs assistance in giving the system a general housecleaning. Nearly everybody needs a few bottles of S. S. S., the great vegetable blood remedy, to cleanse out all impurities about twice a year. It is an excellent idea to take this precaution to keep the system in a vigorous condition so as to more easily resist disease to which every one is subject. S. S. S. is without an equal as a general tonic and system builder. It improves the appetite and gives new strength and vitality to both old and young. Dallas, Texas, Sunday.

DEAR OLD BOY PETE!

This corner of the U. S. mainland is so wonderful in its bigness and bustle I guess I go mouth wide open and eyes staring! Why, Pete, Texans don't talk in miles—it doesn't mean anything! They'll tell you that this place, or that, is an all-day trip, or two days and a night distant, etc. And, old yardstick, you've got the feet, just let it sink in deep that Texas is not only over 800 miles wide but it is our fifth state in population!

Heard a bird in the Adolphus Hotel say that when he comes off the west border he figures he's close home to Baltimore when he's across the Lone Star State! Talk about "jumps"! Try a few, say the one between Texarkana and El Paso!

Pete, everything grows big down here—business as well as folks' hearts! I like the way they never forget! Here I was walking on Main Street yesterday when as fine a type of man as ever wore one of those brad Texas smiles came up to me. "How are you, lieutenant?" says he. "Maybe you'll call back that day at Camp Dick when I brought over that bunch of Camel Cigarettes for the boys," he continued. Right then a Camel conference opened!

Golly, Pete, this party coins Camel compliments faster than the mint makes money! "Lieutenant," says he, "I know when I'm 'set'! I've smoked cigarettes for five years! (NOW LISTEN, PETER!) I know Camels and I know their marvellous mild, mellow body and refreshing flavor and wonderful Turkish and Domestic blend! A million Camels wouldn't tire a smoker's taste!" Now, Pete, I'll say that's some testifying!

Sincerely
Shorty.

P. S.—Between you and me I'll be gazing at tall buildings and things around 43d and Broadway—N-E-W Y-O-R-K—about the hour this note hits Boston's Back Bay! Write me at the same old stand!

OWINGS-TURNER CEREMONIES AT WAVERLY SUNDAY

Jacksonville Business Man and Well Known Young Woman Married—Many at Wedding.

A very pretty home wedding was performed at the home of Rev. and Mrs. W. J. Campbell at Waverly, Sunday, when Miss Jennie O. Turner became the wife of Floyd G. Owings of Jacksonville.

The very impressive ceremony was held at the noon hour. Miss Mary Moxon of Jacksonville sang "I Love You Truly." Then she softly played "Wagner's Wedding March," from Lohengrin. Rev. Campbell led the bridal procession through the spacious living room to a beautifully arranged arch before French doors through which shone soft rays of golden light. After Rev. Campbell, little Doris Pittsford, dressed in white China silk and lace, carried the ring in the heart of a rose. Then came Miss Ethel Owings, sister of the groom, dressed in blue taffeta, on the arm of the groom's man, Mr. Olen Turner, brother of the bride. Then appeared the bride and groom.

Miss Turner was dressed in a very becoming traveling gown of brown, with hand embroidery as the only trimming. In her arms she carried a shower bouquet of Marchiel Niel roses. During the ceremony the accompanist played very softly, "Dream, Let Me Dream." While the congratulations were being extended Miss Moxon sang, "The End of a Perfect Day."

The house was artistically decorated in pink and white. Russell roses were table decorations.

Mrs. Owings is the oldest daughter of Mr. and Mrs. Joel Turner of Waverly. She is a member of the Baptist church and is a faithful church worker. She was graduated from the college preparatory school of the Illinois Woman's college and continued her work in domestic art and music in the college. She is a very competent and charming girl, and her many friends will join in hearty congratulations.

Mr. Owings is a son of the late Mrs. Lillie B. Owings of Edgemont street. He is a prosperous grocery merchant on South Diamond street and is a young business man of sterling character.

The wedding dinner was beautifully served at the Campbell home. It was a dinner long to be remembered by all present.

The young couple left on the 3 o'clock train for St. Louis. Upon their return they will live at 814 West Edgemont street, a home previously prepared by the groom.

Those present besides the above mentioned were: Mr. and Mrs. Feldman of St. Louis, Mr. and Mrs. L. B. Turner and daughter, Helen, Mrs. Mary Hierman and Clyde Owings of Jacksonville, Mr. and Mrs. Chas. Gibbs, Wilbur and Virgil of Lynnville, Miss Hester Conlee of Modesto, Miss Kathryn Turner of Waverly and Mr. and Mrs. Joel Turner and Irene, parents and sister of the bride.

22 LADS RETURN TODAY FROM BIG BOY'S MEETINGS

Attendance at Springfield Shows Growth of Conference Each Year Since 1913.

Twenty-two delegates from Jacksonville attended the Older Boys Conference in Springfield Friday, Saturday and Sunday and returned Monday to Jacksonville much helped by the conference, which was one of the biggest and most successful meetings ever held in the history of the state.

The Sunday afternoon service was the climax of the convention. Nearly five hundred boys stood up and said "I will" when asked by David R. Porter if they would take a new stand for Christ. The service was the most impressive of the conference as well as perhaps the most helpful to the delegates.

Most of the Jacksonville delegates attended the First Presbyterian church services Sunday morning, having no conference session to attend, and after the services had the privilege of shaking hands with Gov. Lowden who attends that church and of seeing Lincoln's pew.

The service Sunday night was composed of an address on Christian Service by J. M. Artman of the University of Chicago. Mr. Artman spoke of the need of American help in foreign countries, especially in China and India, in a way that will never be forgotten by the delegates who heard his address.

Parade service was held at 8:45. David R. Porter in charge. He spoke of "Our Job" now being to help and strengthen those at home who had not had the opportunity to be under the influence of Christ as had those that attended the conference.

Music was furnished throughout the meetings by the Boys orchestra of Streator. "Stand Up, Stand Up for Jesus" was chosen for the conference song and anyone that heard this bunch sing that hymn will never forget it. Every word had a meaning plainly shown in the way that the bunch sang the song; in fact they fairly lived the hymn as they sang it.

Milk—you can trust for purity!

Every housewife would enjoy seeing the model condenseries where Libby's Evaporated Milk is packed. She would admire the great gleaming copper kettles, the sparkling glass receptacles, the polished metal tubes—all so spotless and clean.

But even more she would be impressed by the care—the painstaking, never-ending care—taken to insure the purity of this famous milk!

From start to finish Libby's Evaporated Milk is guarded. The condenseries are located in dairying sections that are famous for their rich milk and cream. The milk is brought to the condensery in clean, tightly closed cans. And when the cans have been emptied, they are not returned to the dairyman until they have been thoroughly scalded, insuring spotlessly clean cans for the following day.

This is only one example of the many safeguards used to insure the purity of Libby's Milk. As a last precaution—after the milk has been put in the cans and sealed, it is sterilized by being heated to a high temperature. Unopened, it keeps sweet indefinitely. After opening use as you need it; the rest put in a cool place, keeps sweet longer than ordinary milk.

Nothing is a matter of more direct concern to the health of any community than the purity of its milk supply. Ask your grocer today for Libby's Evaporated Milk—the Milk that can always be trusted!

URANIA LODGE NO. 243 INITIATES CANDIDATES

Lodge Opens Its Winter Campaign With Class in Initiatory Degree—Oyster Supper Followed.

Urania Lodge No. 243 I. O. O. F., at the regular meeting Monday evening initiated six candidates into the order.

A class of between fifteen and twenty has been secured. However, owing to the inclement weather Monday evening only six were able to be present.

There was a large attendance of members and much interest was shown in the meeting. Following the business session and work the members enjoyed an oyster supper and smelter.

Those taking the degree Monday evening were: W. R. Carson, Charles E. Souza, F. E. Wannamaker, Leonard A. Vasconcellos and Carl B. Tendick.

The degree staff did excellent work and received many compliments for its efforts. Next Monday the First Degree will be exemplified.

CARD OF THANKS.

We wish to thank our many kind friends and neighbors for the kindness they showed us during the sickness and after the death of our darling little daughter, Mabel Katherine, and also for the many beautiful flowers.

Mr. and Mrs. Lewis Cline.

BAND CONCERT HEARD BY BIG AUDIENCE

Program One to Delight Music Lovers — Bands Rehearse to Public Explained by Mayor Crabtree.

The first of a series of popular concerts to be given by the re-organized band of Jacksonville took place at the opera house Sunday afternoon. An audience of nearly 800 was present to show their interest. The program as arranged by J. Bart Johnson, leader, was of a kind that the audience could readily appreciate and was given with an excellence to offer proof of the ability of the band men.

Interest in the program was increased by the group of songs by Mr. Clayton Quast of Illinois Conservatory of Music. Miss Virginia Bullard was his accompanist.

The Band and the Public. Henry Frisch, who is chairman of the committee named to assist in securing the necessary backing for the band, presided and introduced Mayor E. E. Crabtree, who gave a few facts about the band and its relation to the public. Since the movement has started for the reorganization of the band there has often come the question as to why financial assistance should be given such an organization, since when called upon for services they are paid. Conditions have changed so far as band engagements are concerned, and under normal conditions a band is not now called upon more than 6 to 12 times a year. The average per capita payment for each engagement is \$3.50, so that at the highest figure each band man will not receive more than \$42 a year. If a band is to be kept fit for public service at least one rehearsal must be held each week. That means real work in a year's time.

It was back in 1882 that the Jeffries band was organized and at that time and in succeeding years conditions were different. In the old days of political rallies bands were called upon much more frequently than they are now, and the yearly earning power is therefore much less.

To reorganize the band will mean an outlay of at least from \$2,000 to \$2,100. Uniforms will cost \$1,500, music \$250, room rent \$180, light, heat and incidentals at least \$120. This does not include cost of instruments.

Committee Will Act. As indicated, the concert Sunday was the first of a series of series of four to be given every two weeks. These concerts are not intended primarily for making money, as a very little above expenses can be received on a 10 and 20 cent admission. By these concerts, however, the committee hopes to learn whether or not the public is enough interested in the band organization to support it. Any receipts above expenditures from the concerts will be turned over to the committee, which includes Henry Frisch, J. Weir Elliott, Henry J. Rodgers, Loyd Reid and Lloyd Hamilton.

Whatever fund is raised later will be expended under the supervision of this committee. Then the plan is for the band to pay back the sum expended in its behalf thru services. Concert programs will be given in accordance with whatever plan the committee decides upon.

It is a matter of common knowledge that the Jeffries band gave Jacksonville a lot of most desirable advertising and a band organization can be very helpful in boosting any community. Musicians who received their training in the Jeffries band are scattered all over the country. It is a fact that in a certain impromptu organization which appeared in Chicago recently, out of 30 men it was found that 12 had at one time or another played in the Jeffries band in Jacksonville.

BIDS FOR BRIDGES. The boards of county commissioners of Menard and Cass counties recently met and opened bids on nine concrete bridges to be constructed on or near the county line. Under existing laws bridges within four miles of the county line must be built at the expense of both counties. A number of Jacksonville men filed bids. In the list were: L. A. Craig and Son, Jacksonville, \$3,309.50; F. R. Miller of Miller and Husband of Springfield, \$3,100; Lincoln Cowden, Jacksonville, \$2,980; John W. Baptist, Jacksonville, \$2,871; John S. Barker, Chandlerville, \$2,887.

MISS SWEENEY MAKING SERIES OF ADDRESSES. Miss Elizabeth Sweeney left Sunday night for Kansas City, where she will make an address based upon her overseas work for the Catholic war council. Miss Sweeney will make a series of addresses in southern cities including New Orleans, during the next few weeks and will be in Chicago at Christmas time. Her work with the council was such that her activities are still in demand.

Miss Clara Doolin of Jacksonville is visiting her aunt in Springfield, Mo.

George Babb, general superintendent of the Illinois Public Service company of Springfield was a business caller in the city yesterday.

Social Events

Entertained at Dinner

Mr. and Mrs. William Beameister entertained a number of their friends at a goose dinner Sunday at their pleasant country home northeast of the city. The dinner was all that could be desired and the afternoon hours were spent in a very pleasant social way. The company included Mr. and Mrs. Henry Rayborn, Mr. and Mrs. Roy Fox, Mrs. Etta Mathews, Mrs. Jack Settles, Miss Minnie Settles, Mr. and Mrs. Charles Dadds, Mr. and Mrs. John Beameister, Ephraim Holbrook, all of Jacksonville.

Family Reunion at Franklin.

A number of friends and relatives greatly surprised Mr. and Mrs. Elmer Newby and family, southwest of Franklin by arriving at their home unexpected Sunday morning. The day was greatly enjoyed with music and social good times. At noon a sumptuous dinner was served.

Those present were: Mr. and Mrs. Joseph Kitchen, southwest of the city; Mr. and Mrs. Lon McNeely and son, Donald, from Murrayville; Mr. and Mrs. William Kitchen and family of Jacksonville; Mr. and Mrs. A. A. Kitchen and son, Gerald, southwest of the city; Harry Van Bebbler from Denver, Colo., and Mr. and Mrs. Chris Hicks, of Athensville.

Monday Conversation Club Meets

A very good attendance marked the regular meeting of the Monday Conversation club, held yesterday at the home of Mrs. Robert Sweeney, 1320 West State St. The subject for the afternoon was, "Modern Essayists," and the leader was Mrs. Garm Norbury, who was assisted by Mrs. U. G. Woodman, Mrs. Earl Spink, Miss Janette Powell and Miss Ruby Neville. Roll call was responded to by quotations from Addison and Spencer. A general discussion followed the presentation of the topic, and in this quite a number had part.

At the business session it was reported that the members of the club had decided to give a tree for Victory drive at Mauvaister lake. The hostess served suitable refreshments during the social hour, which followed the program. The club will meet next with Mrs. Garm Norbury, on Monday, December 13.

Loyal Woman's Class Met With Mrs. Roodhouse

The Loyal Woman's Class of Central Christian Sunday school met with Mrs. B. O. Roodhouse, 647 South Diamond street Monday evening. The affair was in the form of a social. During the evening a number of prizes were awarded to contestants and music and games were enjoyed by all present.

The population prize was won by Mrs. C. M. Hopper. The Christmas prize first was won by Mrs. Clarence Large. Second, Mrs. Emma Crabtree. The hostesses were: Mrs. Snyder, Mrs. Lloyd Hamilton, Mrs. Skibe, Mrs. Sibley, Mrs. Glen Large, Mrs. Macklin, Miss Edith Woodward and Mrs. B. O. Roodhouse. Refreshments were served consisting of escalloped oysters with cranberry sauce, lettuce, sandwiches and coffee.

English Compositions Heard at Club Meeting

The Chamade Musical club met Monday afternoon at the home of Mrs. Orville Coultas on South Main street. There was a good attendance of members, and a most interesting program from the works of noted English woman composers was rendered as follows:

- (a) Among the Roses, Francis Allibon, Mrs. Robert L. Stice, Mrs. Edgar Martin.
- (b) A Dream, Ellen Wright, Mrs. C. E. Elmie.
- (c) The Bell, Teresa Del Reigo, Mrs. Charles Hopper.
- (d) Sweethearts Still, Mrs. Homer Potter.
- (e) Song, Amy Woodforde Finden, Mrs. Robert L. Stice.
- (f) Rememberance, Lois Barker.
- (g) Beating Waves, Alicia Needham.
- (h) Smiles, Kathleen H. Maxwell, Miss Paterson.

AUTO DAMAGED

Yesterday morning as a truck was swinging into Northeast street from East State the rear wheels skidded striking a Ford which was parked along the curb on the east side of the Pacific hotel. The fender of the Ford was badly damaged and some other injury was done to it.

SEVERAL COTTON MILLS RESUMED OPERATION

Gastonia, N. C., Nov. 29.—After standing idle for two weeks, cotton mills, including the Loray, Gastonia's largest mill, and the Armstrong plant of 14 factories, resumed operation today on greatly reduced schedules of working time.

NOTICE

The Alexander Woman's club will meet Wednesday at 2 o'clock with Mrs. Charles M. Strawn. Members are asked to note change in hour.

Bert Rollins of Durbin was a visitor in the city yesterday. A. P. Dowdall and wife visited relatives in Carrollton Sunday.

PHYSICIANS PLAN FIRST FLOOR OFFICES

Option Taken On Duncan Building—Property to Be Fitted Up Especially for Use of Physicians.

The fact was made public yesterday that two well-known Jacksonville physicians have taken an option on the Duncan building on West State street. While the details of the option are not known, it is practically certain that the transaction will be consummated and that the building will pass into the hands of the two physicians and others in the same profession. Their purpose in acquiring the property is to have an office building especially suited to the needs of physicians. The alterations needed can readily be made in the Duncan building and provide several suites of admirably lighted offices on the ground floor.

The Duncan building is 30 feet wide by 130 feet deep, three stories high with basement. Geo. T. Douglas has occupied the ground floor room for a period of years and his lease runs for practically another year, so that considerable time will elapse before the changes in the building contemplated are made and the offices available for the use of the physicians.

While the remodeling plans are by no means complete, it is likely that the ground floor will be raised several feet above the present level in order to make the basement rooms still more desirable. An elevator will be installed and the office rooms on the second floor also fitted for physician's offices. The physicians who took the options yesterday were unwilling that their names should be used, as it seems that they are acting in conjunction with other physicians whose names do not appear in the transaction.

If the plans as contemplated are carried out the building in its remodeled form will be admirably suited to the needs of Jacksonville physicians.

Students of the Expression Department of Illinois College, under the direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 2nd, at 8 P. M., at Academy Hall. An attractive program has been prepared, consisting of a comedy sketch, a dramatic sketch, a monologue, and some short poems. Admission is free and the public is cordially invited.

A COMRADE OF CO. G

Riggs Taylor recently received a letter from a company G, 1st Mo. Cavalry comrade and kindly permitted the Journal to publish.

Springfield, Mo., Nov. 21.

Dear Comrade:

We were much pleased to receive your letter and the picture of the monument. It is certainly fine that Old Morgan has remembered her soldiers in that way. We had not heard of the death of Melton. I have not been able to see much for the last two years and have been at home all the time. I have caricatures on both eyes and do not see with one at all and the other has only part sight but the cat-scratch is arrested on that eye so I can see to get about. I am being treated for it, so you see I have to depend on my wife and family to do all my reading and writing.

I am always glad to hear from you and of the old company. I presume Comrade Kirby is on the pension list and has stopped running over the country. Remember us all to him and to any you may see. We are all perfectly satisfied with the election; had four votes for Harding. Even old Missouri went over the top. Let me hear from you when convenient and all join me in kind remembrances to you and your wife.

Your friend and comrade in F. C. & L. A. R. McDonald.

SOME INTERESTING GLIMPSES

Dr. T. J. Pitner was speaking the other day of the time when in Shelbyville, Ill., he saw and became acquainted with Augustus Cottlow, Gussie, as she was called in her home town, was then about twelve years old and was most precocious in her music. She was the wonder of the community and had begun to be in great demand as a piano soloist. Friends became interested in her success and furnished the means for her to go on with her musical education. When no older than fifteen she was touring the country as a concert pianist. During the years which have passed Miss Cottlow has continued her study and has been adding to her successes. Since Dr. T. J. Pitner was acquainted with Miss Cottlow she has gone far in her art, not only in America, but previous to the great war she appeared in all the principal cities of Europe and was featured by the great symphony orchestras as America's outstanding pianist.

A PROGRESSIVE NATIVE OF CHINA

Miss Susie Eames of this city and a missionary in Chefoo, China, writes her friends here that the governor of the province in which her work is situated is a great friend of America and in his zeal to show his regard he erected a monument to Woodrow Wilson, our president. The official has five wives and a goodly household. Not long since he gave a banquet to a number of English residents which was a grand affair.

Mr. and Mrs. E. E. Sovern returned last night from Decatur, where they had been visiting relatives for the last few days.

MYERS BROTHERS

MATRIMONIAL

Gist-Joaquin. The marriage of Mr. Lamont Gist and Mrs. Rena Joaquin, both of this city, was solemnized Sunday morning at 9 o'clock in Virginia. The ceremony took place at the parsonage of the Presbyterian church, Rev. C. E. French being the officiating clergyman. Several friends of the young people were present to witness the ceremony.

Mrs. Gist has spent all of her life in Jacksonville and has a wide circle of friends who will now join in extending their congratulations and best wishes.

Mr. Gist came to this city from Wheatland, Mo., and is an employee in the office of the Jacksonville Railway & Light Co., and held in high esteem. He is an ex-service man and during the war period spent an extended period overseas.

Mr. and Mrs. Gist will be at home to their friends at 116 Spaulding Place.

Y. M. C. A. OFFICIALS IN CONFERENCE MONDAY

K. A. Shumaker, state secretary of the Y. M. C. A., was in Jacksonville and met with the board of directors of the local association for a conference. Various phases of the local situation were discussed in an informal way. It was agreed that as soon as the time seems opportune a campaign is to be inaugurated for the funds necessary to equip a modern Y. M. C. A. building in this city. The community work which the local Y. M. C. A. is doing is to be continued and will cover as wide scope as possible under the present limited facilities.

WITH THE SICK

Turner Cully, who has been so seriously ill for a few weeks, shows gratifying indications of improvement.

Dr. T. J. Pitner was taken suddenly ill yesterday and his condition was much eased as his friends come alarm.

HI-Y CLUB TO MEET

The Hi-Y club of the Y. M. C. A. will meet tonight at Northminster church. Supper will be served at 5:30 o'clock instead of 6, the usual hour. Reports will be made by some of the boys who attended the conference in Springfield the past week, and an interesting program is anticipated.

Births

Born, Friday to Mr. and Mrs. Cecil Oxley of near Franklin, a son.

Born Monday morning to Mr. and Mrs. Fred O. May, 364 West College avenue, a daughter.

Byron Young, Dave Harris and Willard Wood went to Woodson precinct Sunday, where they spent the day hunting.

FREE ENTERTAINMENT AT ASBURY CHURCH. A free motion picture entertainment will be given at Asbury church tonight, Nov. 30, rain or shine. There will be clean comedy, high-grade drama, scientific instruction and a reel for the children, five reels in all. No admission price will be charged, but you are asked to bring a silver offering to pay expenses. This will be a treat for the neighborhood. The hour is 7:30. G. W. Randle, pastor.

Mrs. H. K. Hickox of this city has received word that Mr. and Mrs. Geo. Spears of Memphis, Mo., are the proud parents of a nine pound boy. Mr. and Mrs. Spears were formerly Jacksonville residents.

Logan Black drove in from southeast of town on business yesterday.
